Multi-mode wireless connection

Instant switch among multiple devices

Ultra-slim 4.9 mm design with aluminum alloy base

Up to 12 months battery life

Multi-mode Wireless Ultra-slim Keyboard

E9100M

With its ultra-slim design and aluminum alloy base, the stylish E9100M is a real eye-catcher whether used on your desktop or on the go with a laptop. Despite its compact size, this keyboard offers full-size keys, which makes typing much more comfortable, especially with longer texts. E100M is not only advanced in design but also in functionality. It features Rapoo's multi-mode wireless connection

– via reliable 2.4 GHz wireless transmission, Bluetooth 3.0 or Bluetooth 4.0 (Smart) – enabling you to connect simultaneously to multiple devices and change (pair automatically) among them. What's more, Rapoo's energy-saving technologies offer a battery life of up to 12 months, minimizing the need for replacing batteries.

▶ Multi-mode wireless connection

Interference-free wireless options: The smart switch between Bluetooth 3.0, 4.0 and 2.4 GHz ensures stable wireless transmission with up to 10 meters range and 360° coverage. You can still use your keyboard regardless of USB port shortage or the loss of receiver.

▶ Instantly switch among connected devices in one click (Automatic pairing)

Connect to all your devices: E9100M automatically pairs the working device. It simultaneously connects to multiple devices, and easily switches among them in a click of a button. It simplifies activities across devices and meets multi-tasking requirements.

▶ Ultra-slim 4.9 mm design with aluminum alloy base

Slimline and durable: The ultra-slim 4.9 mm design makes this keyboard a real eye-catcher while the housing made from anodized aluminum alloy offers stability and durability.
