Introduction

Accsoon SeeMo 4K is a portable HDMI to USB video transmitter that converts and transmits the HDMI video source from a camera to an iPhone or iPad via a USB cable. Featuring H.264 video compression, SeeMo 4K supports up to 4K 30fps video input and output and the bitrate can be adjusted up to visually lossless image quality. With Accsoon SEE App, you can easily transform your iPhone or iPad into a professional monitor. With a ton of features like professional monitoring functions, live streaming, audio & video recording, Accsoon SEE App provides an easy way to achieve low-cost monitoring, recording and streaming. Compact. Low power draw. Accsoon SeeMo 4K is the ideal solution for monitoring / recording / streaming / sharing.

Product Features

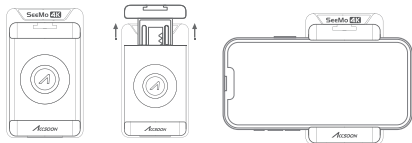

- H.264 video recording
- Visually lossless image quality
- Adjustable bitrate
- Rich monitoring features
- Modular design, flexible and versatile
- USB-C power supply for other devices
- RTMP live streaming on Accsoon SEE App
- Video input and output support up to 4K 30fps
- Turn your iPhone/iPad into a professional monitor
- Standard 1/4 inch threaded mounting hole and cold shoe mount
- Powered by NP-F Battery
- iPhone/iPad charging
- Support 5.5–6.5 inch iPhone
- SD card reading

Instruction

1 Download and install the Accsoon SEE App on your iPhone or iPad.

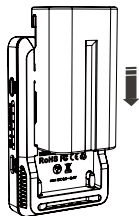

2 Extend the Accsoon SeeMo 4K to attach the iPhone (avoiding the buttons on the sides of the phone). To use with iPads, an Accsoon iPad PowerCage is required (optional product).

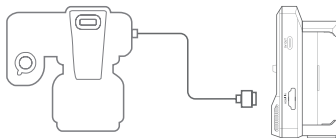

3 Mount the Accsoon SeeMo 4K via the cold shoe adapter and make sure it's held securely.

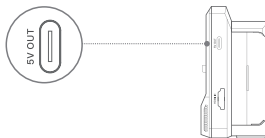

4 Attach an NP-F series battery.

5 Connect the Accsoon SeeMo 4K to the camera using HDMI cable (optional product).

6 If there is a need to power other devices (e.g. Accsoon CineView HE), connect the cable to the 5V OUT port.

7 Connect your iPhone/iPad to the Accsoon SeeMo 4K's USB-C video output port using the corresponding cable.

8 Power On/Off

9 Open the Accsoon SEE App, select "Accsoon SeeMo", and tap "MONITOR" to start monitoring.

Attach the Accsoon SeeMo 4K to the Accsoon iPad PowerCage (optional product).

Hold the two parts with both hands and separate the part A and the part B as shown in the picture. Then slide and lock down the part A to the Accsoon iPad PowerCage.

10 Status indicator

Power level indicator

HDMI indicator

on-Valid video input is detected
off-No valid video input

11 Live streaming

Please make sure the iPhone/iPad can access the network via “WiFi” or “4G/5G” network.

Tap the “Live” button on the App, enter the RTMP live URL and code then tap “OK” to start live streaming.

Note: The fluency of the live streaming depends on the stability of the Internet connection. When the video is buffering, please check whether your Internet connection is heavily loaded or your mobile network has poor reception quality.

12 SD Card Reading

Put the SD card into the card slot as shown in the picture.

Tap “Ignore” when iPhone/iPad pushes Accsoon SEE app notification.

Check the local files and click the SD card name to see the contents in the card.

Note:

1. When iPhone/iPad can not read the content of the SD card, please unplug and plug back in the USB-C cable.
2. SeeMo 4K cannot read SD card with Lightning equipped iPhone and iPad.

13 iPhone/iPad Charging

The SeeMo 4K can supply maximum 5V/2.4A power to a connected iPad or iPhone for extended operation times.

Specification

Video Input Format	2160P 30/29.97/25/24/23.98 fps 1080P 60/59.94/50/30/29.97/25/24/23.98 fps 720p 60/59.94/50 fps
Video Input Port	HDMI-A
Video Output Format	2160P 30/25/24 fps 1080P 60/50/30/25/24 fps 720p 60/50 fps
Video Output Port	USB-C
Adjustable Width	65mm-90mm
Screen Size Compatibility	5.5-6.7 inch
Battery Compatibility	NP-F550/F750/F970
Power Output Port	USB-C 5V/3A
iOS Version	iOS 12.0 or later
Power Consumption	3 Watt without charging other devices
Operating Temperature	-10-40°C
Dimensions	92mm * 54mm * 46.3mm
Weight	115.7g
Card Reader	SD/SDHC (Max.32GB)
Compatible with	SDXC (Max.2TB)

After-sales Support

1. Contact your local Accsoon authorized dealers for after-sales service. If there is no local authorized dealers, you can contact our customer service via our email (support@accsoon.com) or website (www.accsoon.com) and get appropriate support.
2. You will get detailed solutions from the authorized dealers of Accsoon.
3. Accsoon reserves the right to review the damaged product.

Warranty

1.Warranty Period

- ① If there is a quality problem that occurs within 15 days after receiving the product, Accsoon will be providing complimentary maintenance or replacement.
- ② Under proper use and maintenance, from the date of receipt, Accsoon will provide a one-year warranty on the product and a three-month warranty on the accessories and cables. Free maintenance service is available during the warranty period.
- ③ Please keep the proof of purchase and the user manual well.

2.Warranty Exclusions

- ① Out of warranty period (If the proof of purchase is not available, the warranty will be calculated from the date the product is delivered from the factory).

- ② Damage caused by use or maintenance is not following the requirements of the product manual.
- ③ Unauthorized repair, modification or disassembly.
- ④ Damage caused by force majeure such as fire, flood, lightning strike, etc.

FAQ

1.The product won't power on

- ① Check the NP-F battery level.
- ② Check if there is any problem with the battery holder. (If there is, please contact Accsoon official personnel for repair).

2.No image

- ① Check if the USB-C cable is properly connected to the SeeMo 4K's VIDEO OUT port.
- ② Please confirm that the video format output from the camera is compatible with the SeeMo 4K.
SeeMo 4K supports HDMI video input at:
2160P 30/29.97/25/24/23.98 fps
1080P 60/59.94/50/30/29.97/25/24/23.98 fps
720p 60/59.94/50 fps
- ③ If there is still no image after the above operation, please try another iPhone/iPad. (If the image can't be displayed normally either, please contact the official personnel for repair and after-sale service).

Safety Information

- When operating this equipment, read and follow all the instructions in this manual.
- Use only accessories/batteries/chargers specified or recommended by Accsoon.
- Do not expose to moisture, excessive heat or fire.
- Keep away from water and other liquids.
- Keep the equipment properly during lightning storms or when unused for long periods of time.
- Please do not use the product in a place overheating, under cooling or with lots of moisture, or nearby strong magnetic devices.
- To reduce the risk of fire or electric shock, refer servicing to qualified service personnel.

Certificate of Quality

This product is confirmed to meet quality standards and permitted for sale after strict inspection.
