

BUSINESS WALKIE TALKIE

# G15 PRO

The G15 PRO is the leading walkie talkie in the professional category. With a durable aluminium chassis and truly high-performance water protection, take it wherever you want and mistreat it too.

You will always find it there, next to you, ready to help you in your endeavours.

## KEY POINTS

Doubles the frequency band which ensures a low level of congestion (traffic-free radio spectrum)

The EMERGENCY function sends an alarm signal followed by the voice transmission of the person in difficulty.

Ideal for prolonged use.

# G15 PRO

DIFFERENT USES

G15 PRO is an excellent PMR446 radio to use also in business activities.

Hotels, stores and many other locations where the rapidity and reliability of the staff are essential.

# G15 PRO

- Side tone: end of transmission tone silencer
- Scan, Monitor, VOX
- 2-pin Motorola accessory socket
- Weight: 227g (battery included)
- Dimensions: 105 x 50 x 32mm

## SOFTWARE

Compatible with the PRG-15 programming software code C1131

## COMPLIANCE

Complying to the RED 2014/53/EU regulation

The G15 PRO has a new frequency: extended (from 446.00625 to 446.19375 MHz) and 16 new channels to extend your communications. Throw it in the mud, leave it in the rain and even in the sand: it won't betray you and you won't want to do it either. It is waterproof and dustproof, *certified*.

G15 PRO is quick: to select channels, to activate voice transmission using the VOX function, it warns you when the battery is running out (new feature).

Of course, it also does what is expected from a walkie talkie: scans channels (SCAN function) and monitors them (Monitor).

G15 PRO: your business walkie talkie saves time and money.

## PACKAGING AND CODES

Code C1127.03

The package includes:

G15 PRO with belt clip, desktop charger, wall adapter, Li-Ion 1600mAh battery pack, wrist belt..
