for a greener tomorrow

The most complete Kiosk solution

Now with PhotoPrintMe included. Available as a Counter Desktop unit, KIOSK121 brings a flexible performance that easily adapts to your in-shop needs.

With a comfortable 21.5" multitouch display, and a powerful hardware platform, includes a flexible-to-use cosmetics POS installation at convenience, for a nice look and attractive use from your customers.

Your customers can easily create, compose and edit photo products in your photo shop or photo printing department, in a very easy and fast manner, thanks to the advanced KIOSK software functionality.

Discover all the wide variety of products that KIOSK121 is offering to you, and deliver high end quality photo printing products to your customers.

Main features

- // Counter Desktop reduced size
- // Advanced KIOSK Software
- // 21,5" multitouch display size
- // Many photo products and printing formats
- // PhotoPrintMe 1-year subscription included
- // New EX3SC reader: USB3.0 and USB-C ready

PhotoPrintMe!

The PhotoPrintMe online catalog is also available on the new Kiosk121 model.

Without a graphical interface with the end user, you can combine the flow of use of your current Kiosk in store, with the reception of orders received from PhotoPrintMe online and in store: double your audience and capacity.

Now with new carddesktop small size.

New size
W/D/H: 28 x 30 x 8 cm

Now includes EX3SC reader:
USB3.0 and USB-C port.

The PhotoPrintMe POS

Includes POS material to promote the photo service available within each store. Each piece will be designed with a personalized QR that will explain the easy steps to complete the printing process via customers' smart devices.

Start expanding your current business with PhotoPrintMe on your current Mitsubishi Electric Kiosk and Printers.

No need to invest in more printers: you can use the existing ones (*).

With PhotoPrintMe you have a very complete photography business resulting in a flexible and scalable solution, very easy to adapt.

(*) Verify the compatibility of the printing format of the products in the PhotoPrintMe catalog with your existing printers.

Cabinet

Now KIOSK121 includes a redesigned carddesktop base unit in a reduced size, that fits with our new cabinet, to allow KIOSK121 to be installed on top.

Both the new carddesktop and new cabinet have been designed for the best performance and easy installation to make a very complete KIOSK121, with a cabinet that contains up to 2 photo printers inside (CP-M1E, CP-M15E and CP-D90DW-P).

1P model only for one printer. 2P model for two printers.

The KIOSK121 photo printing system, now thanks to the cabinet, gets a full system configuration onto one single space, helping you to avoid external cablings, a more very convenient shop layout arrangement, and a stylish cabinet design, for a complete photo printing business unit.

You can also combine your photo printing area with the PhotoPrintMe POS supplied along with the KIOSK121.
