How to mount and balance mobile phone on the gimbal?

| ①	②	③	④	⑤
Unfold the gimbal	Screw up the knob	Turn the "hohem" logo upward	Put your phone stuck in the bottom of phone clamp and pull the head of phone clamp to mount your phone.	Slide the phone and make sure it is clamped in the middle, power on the gimbal after balancing the phone clamp.

⚠ The gimbal would work improperly if not screw the knob up.

⚠ Clench the phone clamp, ensuring that your phone is cling to the rubber mat, otherwise the gimbal would vibrate or turn off automatically.

Booting up iSteady V2 at first use
Activation & Bluetooth Connection
