

SureColor SC-T3100N - Wireless Printer (No Stand)

DATASHEET / BROCHURE

Entry-level large format printer allows users to print technical and CAD drawings in great detail up to 24".

With the SC-T3100N it's all about the detail, throughput speed and size of the output (up to 24"). Designed for those who need a professional-level, technical printer which boasts a low total cost of ownership. Whether you're an architect, student, engineer, or work in an advertising agency, the need to print accurately, precisely, reliably and in great detail is essential. Desktop version.

Clean design

White, compact and fits most environments.

These inks don't run

It uses UltraChrome XD2 pigment inks which means your prints are smudge and water resistant (whereas standard dye inks may run). Also, the SC-T3100N delivers deep blacks and crisp, dense lines — ideal for technical graphics.

Supports wireless printing

Enables users to print directly from smartphones or tablet devices.

Seamless paper changes

Change seamlessly between LFP roll and sheetfeed as this printer supports up to A1 cutsheets as well as rolls.

Peace of mind

Unique Nozzle Verification Technology (NVT) helps prevent misprints.

Accuracy and precision

Print technical, architectural and engineering drawings in great detail, with ease.
