

CROSSWAVE[®] OMNIFORCE[™] EDGEFIND PRO

One machine, twice the clean. Vacuum and mop together or powerfully vacuum alone.

Tracked-in muddy paw prints. Dust bunnies in the corner. Tackle these messes - and more - with the CrossWave[®] OmniForce[™] EdgeFind All-in-One cordless Multi-Surface Cleaner.

With up to 45 minutes of cordless power, you can clean up to 350m² on a single charge*. FurFinder[™] Headlight Technology helps you see 9X more** pet hair—making it easier to spot and remove fur in hard-to-see areas.

This wet dry vacuum features Power Vac Mode for dedicated dry cleaning and Power Mop Mode to vacuum and mop at the same time—cutting cleaning time in half. Both modes deliver 75% more suction*** for a deeper clean.

Pet Proven[™]—engineered to expertly clean pet messes[™]—it's ideal for homes with pets.

Clean right to the wall with ZeroGap[™] Technology. Suitable for hard floors and area rugs, it also features Tangle-Free Technology to reduce hair wraps and clogs.

Two-Tank Technology keeps clean and dirty water separate for a more hygienic clean.

After cleaning, place the machine in the storage tray and press a button to activate self-cleaning. It rinses the brush roll and interior, so you have less to clean after every use.

* with a fully charged battery and based on industry standard stroke speed.
