PRODUCT DESCRIPTION
<p>Tracked-in muddy paw prints. Dust bunnies in the corner. Spilled granola all over the floor. Tackle these messes and so many more with the CrossWave® OmniForce™ Edge All-in-One cordless Multi-Surface Cleaner.</p> <p>The CrossWave® OmniForce™ Edge is the only wet dry vacuum with a dedicated dry-cleaning function, Power Vac Mode. Additionally, vacuum and mop at the same time in Power Mop mode to save time and clean everyday wet and dry messes. In both modes the CrossWave® OmniForce™ Edge boasts 75% more suction. With ZeroGap™ Technology you can easily clean up to the wall and with Tangle-Free Technology hair wrap and clogging is minimized.</p> <p>Unlike a mop and bucket, Two-Tank Technology keeps the clean and dirty water separate, so you always clean your floors with fresh water. The included FRESHSTART™ antimicrobial filter and clean-out solution prevent odours and maintain freshness of your device.</p> <p>When you're done cleaning just place the CrossWave® OmniForce™ into the storage tray and with the push of a button, the unit cleans itself. This does not only clean the brush roll, but also the inside of the machine so that there is less clean-up after each use.</p> <p>This device doesn't just clean up after pets, it helps save them. BISSELL® proudly supports BISSELL Pet Foundation® and its mission to help save homeless pets. When you buy a BISSELL® product, you help save pets, too. We're proud to design products that help make pet messes, odours and pet homelessness disappear.</p> <p>*vs. BISSELL® CrossWave® X7 Plus Cordless Pet</p>
