Multi-mode Wireless Optical Combo Set

8020M

This wireless combo, comprising a keyboard and optical mouse, transmits using Rapoo's multi-mode wireless connection – via reliable 2.4 GHz wireless transmission, Bluetooth 3.0 or Bluetooth 5.0 – enabling you to connect simultaneously to multiple devices and switch (pair automatically) among them. In addition to its classic design the keyboard features

multimedia keys for quick access and convenience, and a scroll tool. The mouse in this set boasts a responsive and smooth cursor control with 1300 DPI invisible tracking engine for a complete flexibility and accurate control, while its portable design makes it ideal for use both in the office and at home.

► Multi-mode wireless connection

Interference-free wireless options: The smart switch between Bluetooth 3.0, 5.0 and 2.4 GHz ensures stable wireless transmission with up to 10 meters range and 360° coverage. You can still use your keyboard regardless of USB port shortage or the loss of receiver.

► Instant switch among multiple connected devices in one click (Automatic pairing)

Connect to all your devices: 8020M automatically pairs the working device. It simultaneously connects to up to 4 devices, and easily switches among them in a click of a button. It simplifies activities across devices and meets multi-tasking requirements.

► Ultra-thin keyboard design

Ultra-thin and elegant, this keyboard offers style, stability and durability. The accurate scissor key structure enables easy and comfortable tactile experience.

► 1300 DPI invisible tracking engine

Enjoy total control: With the 1300 DPI invisible tracking engine, accuracy is no longer left to chance. You will enjoy responsive and smooth cursor control on practically every surface.
