

## EASY APP® SMART™

Reducing the application time to a minimum

The biggest facilitation in the application process is to use the automatic device positioning technology, which ensures precise and repeatable material application, minimizing the risk of errors and speeding up the entire process.

4 point positioning technology

10 seconds to quickly apply the film

easy to apply film

CHARGING INTERFACE: USB TYPE-C OR AA BATTERY

POWER SUPPLY: DC 5V=1A

MATERIAL: PC+ABS

SIZE: 215x108x56MM
