

# Polaroid P2 Music Player

polaroid

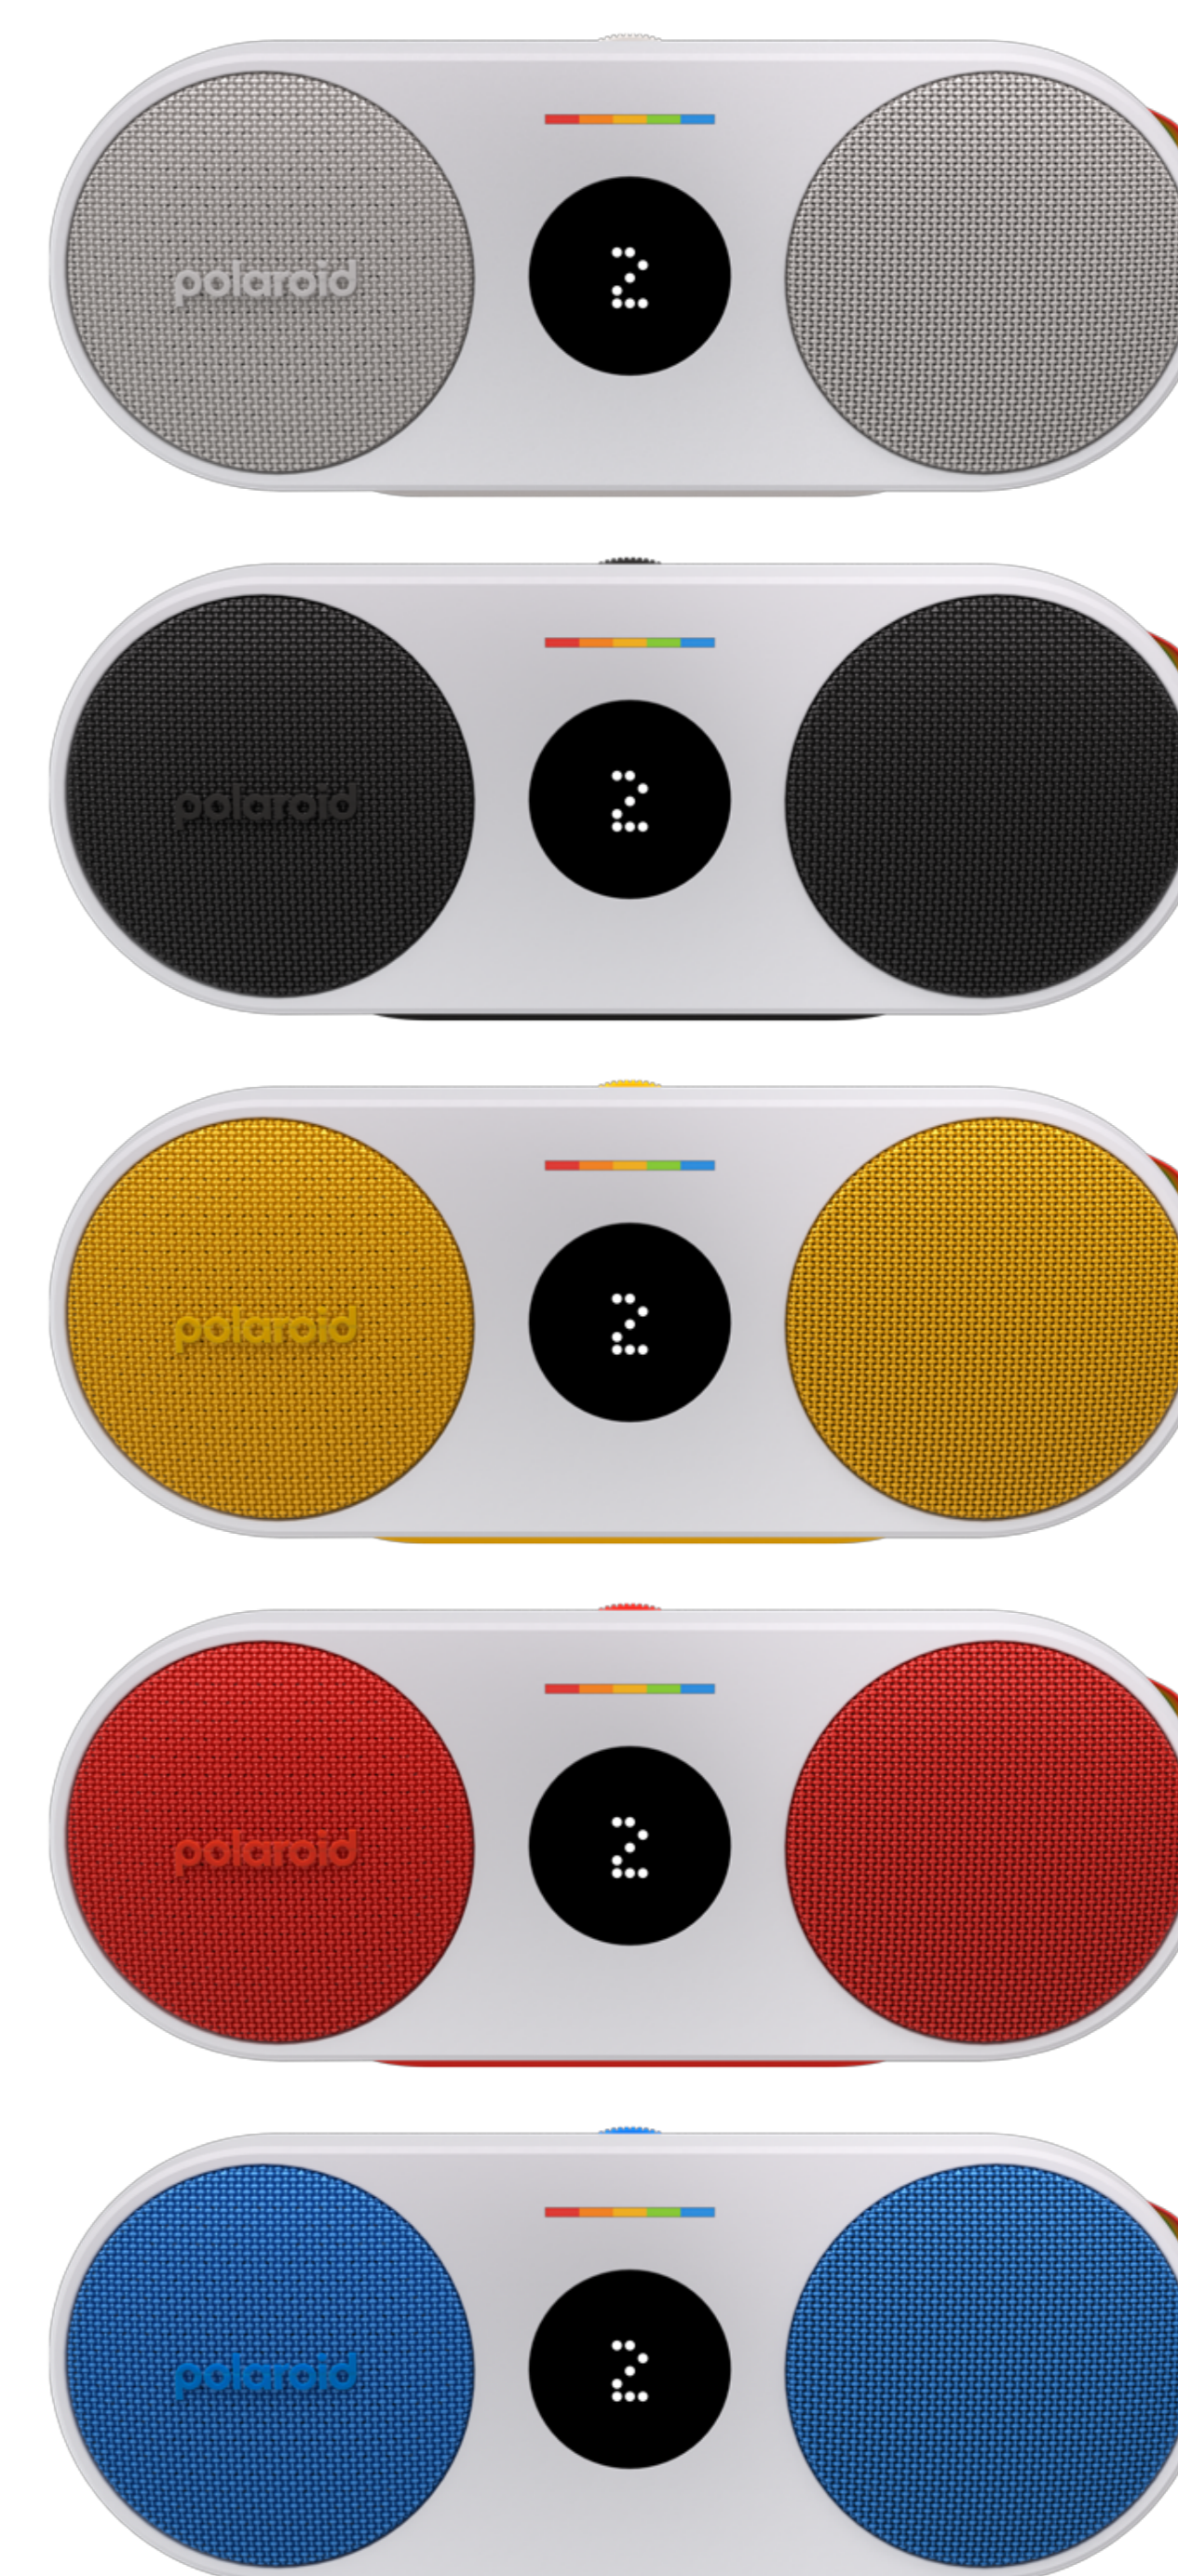

## Small speaker but MIGHTY

About the size (but not shape)  
of two to three bananas

Portable speaker - wrist strap,  
shoulder-strap, no strap - your choice

Access your music directly from the Polaroid P2  
speaker thanks to the Polaroid Music App

If you can, close your eyes and imagine two bananas. Well done. You've just imagined the size of the Polaroid P2 Player. It's twice as powerful as the Polaroid P1 and just as take-anywhere-able. It's also a wearable speaker - on your wrist, over your shoulder, as a necklace, or on your head - there are no wrong choices here. The Polaroid P2 speaker is the first player in the line-up to work with all the features of the Polaroid Music App - letting you play your favorite playlists with just a spin of the analog dial. It's powerful for its size, easily portable, colorful, and iconic in design.
